Delivery to the Student Technology office located in Watson Library, Room 113. Date ____________

1. Describe target audience.

   All students which utilize the student computer labs.

2. Describe project/initiative for which you are requesting funds.

   To upgrade the Student Union and Health & Human Performance computer lab. Install new printers in Watson Library computer lab and Shreveport campus computer lab.

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

   To make modern technology available for students in a lab environment.

4. Indicate how each project objective will be evaluated.

   The effectiveness of the equipment will be measured by student enrollment in each campus.

5. Provide a justification for funding of the project. Estimate the number of students that will be served per academic year and in what ways. Please indicate also any unique needs of the target group.

   This project will directly affect all students that attend each campus location.

6. If funded, which NSTEP (http://www.nsula.edu/nstep/NSTEP.pdf) objective(s) will this funding of this project advance. How will funding of the project advance the University and College/unit technology plan?

   This purchase will fulfill the following NSTEP objectives:
Objective 1: To improve access to technology by students, faculty, and staff at Northwestern State University.
Objective 2: To provide classrooms with updated technology and multimedia.
Objective 3: To upgrade student technology laboratories with modern technology.
Objective 8: To encourage innovation and research.

7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.

Jennifer Long Martin – Student Technology – will serve as project manager

8. Describe any personnel (technical or otherwise) required to support the project/initiative.

Once the equipment is purchased and installed, Student Technology will provide technical support.

9. Provide a schedule for implementation and evaluation.

Funding – September
Purchase – September
Installation – October/November
Equipment should be available to students for the beginning of the spring semester.

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

The hardware should have a life span of at least 5 years.

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through Student Tech Fee.

The equipment will be located in the computer lab supervised by lab assistants funded through Student Technology.

12. Attach a detailed budget, including: specs., description, cost, state contract number, and vendor for each item; cost of outside support personnel; and a description of how the proposal will support University/College/unit resources (i.e., cash match, funds from other sources, or reallocation of existing hardware/software or other equipment. **All of the information requested must be attached or the request will not be accepted.**

13. List two individuals and their letters of support for the project. The letters needs to be from unit’s Dean, the appropriate Vice President or the SGA President.

* The estimated lease cost is the monthly payment amount for a lease commencing on or before 9/12/2007 with a term of 36 months and a fair market value purchase option at the end of the lease term. This and other leasing and financing options are available through Hewlett-Packard Financial Service Company (HPFSC) or one of its affiliates to qualified education and state and local customers in the U.S. and subject to credit approval and execution of standard HPFSC documentation. Fees and other restrictions may apply. This is not a commitment to lease. Rates and payments are subject to change at any time without notice. Leasing and financing options for Federal governmental agencies (subject to a $50,000 minimum) are available from Hewlett-Packard Company. For more information, call Hewlett-Packard Financial Services Company at 1-888-277-5942 and talk to a financial services representative who specializes in supporting government and education entities.

* HP is not liable for pricing errors. If you place an order for a product that was incorrectly priced, we will cancel your order and credit you for any charges. In the event that we inadvertently ship an order based on a pricing error, we will issue a revised invoice to you for the correct price and contact you to obtain your authorization for the additional charge, or assist you with return of the product. If the pricing error results in an overcharge to you, HP will credit your account for the amount overcharged.

* The estimated lease cost is the monthly payment amount for a lease commencing on or before 9/1/2007 with a term of 36 months and a fair market value purchase option at the end of the lease term. This and other leasing and financing options are available through Hewlett-Packard Financial Service Company (HPFSC) or one of its affiliates to qualified education and state and local customers in the U.S. and subject to credit approval and execution of standard HPFSC documentation. Fees and other restrictions may apply. This is not a commitment to lease. Rates and payments are subject to change at any time without notice. Leasing and financing options for Federal governmental agencies (subject to a $50,000 minimum) are available from Hewlett-Packard Company. For more information, call Hewlett-Packard Financial Services Company at 1-888-277-5942 and talk to a financial services representative who specializes in supporting government and education entities.

* HP is not liable for pricing errors. If you place an order for a product that was incorrectly priced, we will cancel your order and credit you for any charges. In the event that we inadvertently ship an order based on a pricing error, we will issue a revised invoice to you for the correct price and contact you to obtain your authorization for the additional charge, or assist you with return of the product. If the pricing error results in an overcharge to you, HP will credit your account for the amount overcharged.
