1. Describe target audience.

Every student enrolled on the NSU Leesville/Fort Polk campus will benefit from the requested items. NSU Leesville/Fort Polk averages around 900 students during the Fall and the Spring semesters and about 400 during the Summer semester. Approximately 60-70% of the students are civilian, 20-30% are military family members, and 10% are active duty military. Classes are scheduled Monday – Friday during the day and Monday – Thursday evenings.

This would impact all the students enrolled in courses on the Leesville campus each year. This would impact all the students living in the Leesville area who are enrolled in on-line classes and use this computer lab to complete there assignments, take quizzes and exams, and communicate with their instructors.

2. Describe project/initiative for which you are requesting funds.

To purchase a printer for the computer lab located in room 125 bldg. 550.

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

- To provide technology that will enable students to print out assignments and other necessary hardcopies for their academic work.

This would impact all the students enrolled in courses on the Leesville campus each year. This would impact all the students living in the Leesville area who are enrolled in on-line classes and use this computer lab to complete there assignments, take quizzes and exams, and communicate with their instructors.

4. Indicate how each project objective will be evaluated.

Student sign-in sheets.
5. Provide a justification for funding of the project. Estimate the number of students that will be served per academic year and in what ways. Please indicate also any unique needs of the target group.

- The printer in this lab has broken and needs to be replaced.

6. If funded, which NSTEP (http://www.nsula.edu/nstep/NSTEP.pdf) objective will this funding of this project advance. How will funding of the project advance the University and College/unit technology plan?

NSTEPS Objective 1. To improve access to technology by students, faculty, and staff at NSU.

7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.

Tommy Tilley, Senior User Support Specialist, will coordinate the installation and setup of the classrooms with the Office of Student Technology.

8. Describe any personnel (technical or otherwise) required to support the project/initiative.

Tommy Tilley, Senior User Support Specialist, and the Office of Student Technology will work together to support this equipment.

All rooms on the Leesville campus are wired for internet access so wiring is not necessary.

9. Provide a schedule for implementation and evaluation.

Equipment will be ordered in September and arrive by the end of October. During the fall 2007, the equipment will be installed in the computer lab and tested. Students will begin using the equipment after the installation in complete.

Evaluation will be done by surveys to students and instructors at the end of the semester.

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

A printer has a life of 5 years.

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through Student Tech Fee.
The Printer will be secured in the computer lab, room 125. The key will be controlled under the NSU Leesville/Fort Polk Key Control Policy.

12. Attach a detailed budget, including: specs., description, cost, state contract number, and vendor for each item; cost of outside support personnel; and a description of how the proposal will support University/College/unit resources (i.e., cash match, funds from other sources, or reallocation of existing hardware/software or other equipment. **All of the information requested must be attached or the request will not be accepted**

13. Attach a letter of support for the project signed by the requesting unit’s Dean, the appropriate Vice President (for non-academic units), or the SGA President from the requesting campus (for student requests).

* The estimated lease cost is the monthly payment amount for a lease commencing on or before 9/22/2007 with a term of 36 months and a fair market value purchase option at the end of the lease term. This and other leasing and financing options are available through Hewlett-Packard Financial Service Company (HPFSC) or one of its affiliates to qualified education and state and local customers in the U.S. and subject to credit approval and execution of standard HPFSC documentation. Fees and other restrictions may apply. This is not a commitment to lease. Rates and payments are subject to change at any time without notice. Leasing and financing options for Federal governmental agencies (subject to a $50,000 minimum) are available from Hewlett-Packard Company. For more information, call Hewlett-Packard Financial Services Company at 1-888-277-5942 and talk to a financial services representative who specializes in supporting government and education entities.

* HP is not liable for pricing errors. If you place an order for a product that was incorrectly priced, we will cancel your order and credit you for any charges. In the event that we inadvertently ship an order based on a pricing error, we will issue a revised invoice to you for the correct price and contact you to obtain your authorization for the additional charge, or assist you with return of the product. If the pricing error results in an overcharge to you, HP will credit your account for the amount overcharged.

Student Technology Fee Grant
Special Initiative

Dear Selection Committee:

Please know that I fully support the Student Technology Fee grant Proposal submitted by Ms. Juanita Darby to purchase a printer for the computer lab located in room 125. Students need access to a printer to produce hardcopies for assignments, testing, and research. This printer is desperately needed for the students to have printing capabilities on the Leesville campus.

At a cost of approximately $4 per student per year, the cost effectiveness of the proposal is certainly an attractive plus. Please consider this proposal positively.

Sincerely,

Larry E. Monk, E.Ed
Executive Director, NSU-Leesville/Fort Polk
